The theme of this social is in memory of Piper Uzelac

In April 2018, one of Kim's good friends lost her younger cousin to Leukemia at 14 years old.

Piper's favourite colour was yellow, and this is also the colour associated with leukemia.

While in hospital Piper's family were supported by Hummingbird House and Bravery Box and profits from today's social will go to these two charities as well as the leukemia foundation.

Hummingbird House is Queensland's only children's hospice.

Hummingbird House provides short break stays, family support services, creative therapies, and care at the end of life, for children with life-limiting conditions and their families
