

DAY OF 100 DANCES - FINAL PROGRAM:

1. The Day of 100 Dances Program is now finalised and attached for distribution. I'd like to thank Tracey Daffey for all her hard work in setting this program in place. It is a terrific program with dances for everyone.

There have been a few others assisting in the program structure, Jo Rosenblatt and myself as well as every Line Dance Group Instructor from the North. We hope you are happy with the final program

2. The program has been printed so you can fold it in half lengthways to put in your pocket or hand hold it while on the dance floor.

3. On the program you may notice that we have two of the dances written to the same music - Take Yourself Dancing and Flowers listed on the program separately. This is intentional as Take Myself Dancing takes up a lot of floor space. We have separated those two dances on the program and they will be danced on their own along with their respective split floors.
